

ARELLANO UNIVERSITY
SCHOOL OF LAW

From : OFFICE OF THE DEAN
To : ALL CONCERNED
Date : September 12, 2023
Subject : UNAUTHORIZED CLASS RECORDINGS

It has come to our attention that students are recording their class discussions in audio or audiovisual format, without permission of the professor, and posting it in social media. It has also come to our attention that students are deploying tools to effect a direct transcription of class discussions and lectures, without permission of the professor.

In view thereof, it is strictly prohibited for students to record, reproduce, dramatize, translate, adapt, or otherwise transform class lectures, discussions, sermons, addresses, dissertations, prepared for oral delivery, whether or not such articulations are reduced in writing or other material form, without the permission of the professor. Acts to the contrary are clear violations of law particularly, RA 8293 as amended, and RA 4200.

Any violation of this shall be dealt with accordingly.

Professors are hereby instructed to remind all students before every start of classes.

For your strict and immediate compliance.
